CHALLENGE:

There is a train that goes through a tunnel that is more than 30 miles long and runs from England under the sea. It is the longest undersea tunnel on earth and is one of the seven wonders of the modern world. We are inviting you to imagine going through this long tunnel on the train and coming up into another land. Write your story in the circle. Draw pictures if you want to.

A large, empty white circle that occupies the lower two-thirds of the page, intended for the student to write their story and draw pictures.

If you need more space continue on the other side...
